

IMPPUMPS®
Intelligent Motor Pumps

SAN 15/15

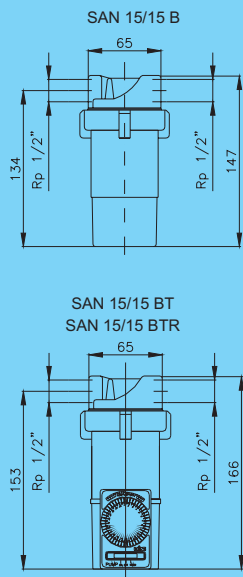

Circulating pumps for sanitary water

- high efficiency
- low power consumption
- maintenance free
- quiet
- easy speed control
- small size
- long life

Motor type: spherical motor
Max. head: 10 bar
Max. power input: 25W
Brass housing
Electrical connection: 230V, 50Hz
Protection class: IP42/F

TECHNICAL DATA

Type	Connection	Pump housing length	Dry run protection	Scale protection thermostat (55°C)	Electronic control thermostat (20 - 70°C)	Timer (day-program)
